PROFESSIONAL SUMMARY

Results-driven Web Developer, UI/UX Designer & Graphics Designer with 5+ years of experience building responsive websites, CRM systems, and mobile applications. Proficient in WordPress, Shopify, HTML/CSS/JavaScript, React, and Flutter. Experienced in end-to-end product development — from company websites and Solar CRM platforms to Flutter-based mobile apps. Skilled in crafting pixel-perfect designs in Figma and Canva, with strong SEO expertise to drive visibility and conversions.

CORE SKILLS

Front-End Development: HTML5, CSS3, JavaScript (ES6+), React.js, PHP, Bootstrap, Tailwind CSS
CMS & E-commerce: WordPress (Theme Dev, WooCommerce, Elementor), Shopify (Liquid, Themes, Apps)
UI/UX Design: Figma, Adobe Photoshop, Canva — Wireframing, Prototyping, Responsive Design
SEO: On-Page, Off-Page, Technical SEO, Local SEO, Google Analytics, Search Console, Semrush, Ahrefs
Mobile & Frameworks: Flutter (Dart), React.js, Bootstrap, Tailwind CSS
Tools & Others: Git/GitHub, VS Code, Microsoft Excel, ChatGPT, Windows, Linux

WORK EXPERIENCE

Web Developer & Graphics Designer | Exdells India Pvt. Ltd.
Nov 2025 – Present

- Designed and developed the official company website with a modern, responsive UI aligned with brand identity.
- Built a Solar CRM platform to streamline customer management, lead tracking, and solar project workflows.
- Developed a cross-platform Flutter mobile application delivering a smooth user experience on Android and iOS.
- Created brand graphics, marketing visuals, and social media creatives using Canva and Photoshop to strengthen online presence.
- Collaborated with internal teams to ensure all digital products met functional requirements and design standards.

Web & Graphics Designer | Payrupya
Aug 2025 – Nov 2025

- Designed social media creatives, banners, and landing page layouts using Canva and Photoshop to maintain strong brand consistency.
- Built and refined website UI mockups focusing on clean design, color harmony, and intuitive user experience.
- Created high-impact marketing visuals — Instagram posts, Facebook ads, website sliders — boosting online engagement.

Sr. Web Developer & SEO Specialist | HostnetIndia
Apr 2025 – Aug 2025

- Developed and maintained responsive WordPress websites with custom PHP, optimizing for performance, speed, and cross-device compatibility.
- Implemented comprehensive on-page SEO (meta tags, keyword optimization, schema markup, internal linking) to improve SERP rankings.
- Monitored traffic and UX metrics via Google Analytics and Search Console, translating insights into actionable site improvements.
- Optimized page speed, Core Web Vitals, and mobile responsiveness to enhance search visibility.

Front-End UI/UX Designer | Fabritual
Feb 2024 – Apr 2025

- Designed and implemented responsive, user-friendly web interfaces using HTML, CSS, and JavaScript with a mobile-first approach.
- Produced engaging social media graphics, banners, and marketing visuals aligned with brand guidelines.
- Collaborated closely with cross-functional teams to maintain brand consistency across digital platforms.

Web Developer | Experts Mind IT Educational Pvt Ltd *Dec 2022 – Jan 2024*

- Built responsive, cross-browser-compatible websites using HTML, CSS, JavaScript, and PHP.
- Applied SEO fundamentals (meta tags, alt attributes, site structure) to improve organic search visibility.
- Managed code versioning with Git/GitHub and collaborated with senior developers to follow best practices.

Associate Front-End Developer | Anques Technolabs *Apr 2021 – Dec 2021*

- Developed responsive web pages and UI components from design specs using HTML, CSS, and JavaScript.
- Assisted in front-end performance optimization for faster page loads and improved SEO scores.

Front-End Developer Intern | eShiksa Technology Services Pvt. Ltd *Aug 2018 – Jan 2019*

- Contributed to responsive web application development with HTML, CSS, JavaScript, and Bootstrap/Tailwind CSS.
- Integrated basic APIs and dynamic features to enhance web application functionality.

KEY PROJECTS

Twimba — Twitter Clone | *June 2025 – Present*

- Built a React-based social platform clone with post submission, upvote/downvote mechanism, and a modern, responsive UI.

Reddit Minimal | *Sept 2024 – March 2025*

- Developed a minimal Reddit-inspired app featuring post browsing, submission, and a clean, distraction-free interface.

Hospital Management System | *Oct 2018 – Dec 2018*

- Created a patient record management system with CRUD operations and automated appointment reminders via email/SMS.
